Information to consider when requesting records

- Please submit one subpoena per applicant/victim when requesting records/documents.
- Describe in detail what records/documents you are requesting such as any and all records/documents or just one specific record/document.
- Describe timeframes, are you requesting specific years or months or all record years?
- Please ensure all names, dates of birth, and social security numbers are accurate.
- Make your request specific to what records/documents the California Victim Compensation Board has in its possession.

***Please note*: As of July 2016, the Government Claims Program (GCP) is no longer housed with the California Victim Compensation Board. Government Claim files start with a "G" then the claim number. The GCP is now handled by the Department of General Services, Office of Risk and Insurance Management. Please contact the Department of General Services for information on GCP's procedures for submitting subpoenas.**
